Dear Mr Lockhart-Mummery,

The Council has been asked to comment on two matters relating to the Gilston Area NP:

On the 12th of October the Parish Council requested that the referendum area be extended beyond the Neighbourhood Area to include the entirety of the Parish of Hunsdon. I have now had the opportunity to discuss with others at the Council and it is our opinion that we would have no reason to object to the referendum area being extended to include the whole Parish of Hunsdon.

Examination Note 1 refers to a virtual hearing being undertaken as part of the examination. I confirm that the Council is comfortable that a virtual hearing is the best option given the circumstances. I also confirm that the Council has access to and can provide the relevant technology in order to host the hearing most likely via Zoom.

Yours sincerely,

George Pavey
Principal Planning Officer
