

## HCCSP Privacy Notice

*Hertfordshire Climate Change and Sustainability Partnership (HCCSP) collects personal information from you which includes your contact details and any organisational details that you may be representing. This is done to communicate with you on work of the Partnership; to invite you to provide feedback and to share information about events, resources, publications, and other relevant information. We process this information using your consent and you can remove this at any time by contacting [sara-jane.little@eastherts.gov.uk](mailto:sara-jane.little@eastherts.gov.uk)*

*We may share information with officers whose work interacts with Climate Change, Sustainability or Public Health within our organisations in Hertfordshire to help coordinate efforts to improve our climate change response with the community across the county. Your information will be retained and refreshed at regular intervals unless your consent is revoked. For more information on your data subject rights, including how to contact us about them or anything else, please see our [Corporate Privacy Notice](#) (this link opens in a new window).*
