

Waste Collection Diary

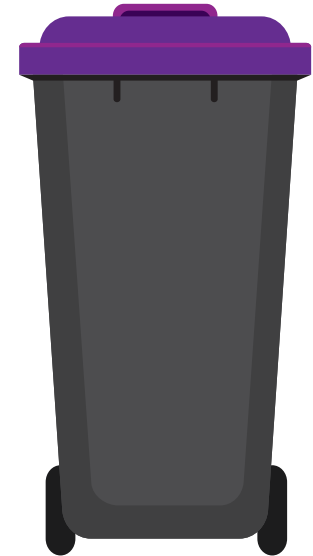

Please complete this waste diary before applying for extra capacity for your non-recyclable waste

If your household is producing more waste than can fit in your purple-lidded non-recyclables bin, we can help.

Simply complete this waste diary over a five-week period, and then upload it as an attachment when you complete the 'Request a bigger bin' form.

We will then get in touch to discuss your application.

If you have any problems completing or submitting this form, please contact wasteandrecycling@north-herts.gov.uk

Address

Contact number

Number of permanent and full-time residents

Signed

Date

Please note: If you are applying because you have a medical condition that generates additional non-recyclable waste, you do **not** need to complete this five-week diary.

Instead, please check the 'Request a bigger bin' form for details.

Waste Collection Diary

Please tick the appropriate boxes when you put waste into your purple-lidded non-recyclables bin
